

# Isolation of human hepatocytes by collagenase perfusion

MC Marti Cabanes-Creus

Updated date: Oct 5, 2020

 An abbreviated version of this protocol was published in Science Translational Medicine in Sep 2020

Restoring the natural tropism of AAV2 vectors for human liver

DOI: [10.1126/scitranslmed.aba3312](https://doi.org/10.1126/scitranslmed.aba3312)
